PROFESSIONAL SUMMARY

Final-year Information Technology student with a CGPA of 9.62 and hands-on experience in Python, Machine Learning, Computer Vision, and Web Development. Built AI-powered applications using YOLO, OpenCV, and MERN stack, with experience in deployment and collaborative software development.

EDUCATION

Bachelor of Engineering in Information Technology <i>PES Modern College of Engineering, Pune</i>	2023 – 2027 (Expected) CGPA: 9.62/10
Higher Secondary Certificate (HSC)	84%
Secondary School Certificate (SSC)	96%

TECHNICAL SKILLS

- **Programming & Web:** Python, Java, JavaScript, HTML, CSS
- **Software Engineering:** Data Structures & Algorithms, Object-Oriented Programming, REST APIs, Agile Methodology
- **AI & Machine Learning:** Machine Learning, Computer Vision, YOLO, OpenCV
- **Cloud & DevOps:** AWS (EC2, S3), Docker
- **Databases:** SQL, MongoDB
- **Developer Tools:** Git, GitHub, VS Code, Postman, Render, Vercel, Streamlit

PROJECTS

- | | |
|--|--|
| Smart Inventory Vision | <i>YOLO, OpenCV, Python, Streamlit</i> |
| <ul style="list-style-type: none">• Developed an AI-powered inventory monitoring system using YOLO and OpenCV for automated object detection and tracking.• Integrated the solution with Streamlit for interactive visual monitoring and reduced manual inventory effort. | |
| Smart Crowd Management System at Pilgrimage Site | <i>MERN Stack, AI/ML, OpenCV</i> |
| <ul style="list-style-type: none">• Developed an AI-based system for real-time crowd detection and density monitoring using OpenCV.• Built an interactive dashboard to visualize crowd status and support monitoring during high-density events.• Winner of PVG College Hackathon for developing the crowd management solution. | |

INTERNSHIP

- Machine Learning & Web Development Intern – Edunet Foundation**
- Developed **Machine Learning models** and performed data cleaning, preprocessing, and preparation to improve model performance.
 - Handled the ML component of an Eco-Friendly Food Prediction and Recommendation System, including dataset preparation and model development.
 - Built **Flask-based web applications** and gained experience in deployment and Git-based development.

POSITIONS AND RESPONSIBILITIES

- **NSS IT Department Head** – Managed social initiatives and activities.
- **Class Representative** – Coordinated communication between students and faculty.

ACHIEVEMENTS

- Registered a **Copyright** with the Copyright Office, Government of India for *Smart Inventory Vision*.
- Secured **1st Rank in the Information Technology Department**.
- Won a prize in the **College Public Speaking Competition**.
- Participated in the **Smart India Hackathon** and multiple **24-hour hackathons**, gaining experience in collaborative and time-constrained software development.

CERTIFICATIONS

- **Python for Data Science** – NPTEL (IIT Madras)
- **Programming in Java** – NPTEL (IIT Kharagpur)
- **Full Stack Web Development** – Amazon (Coursera)
- **German Language – Level 1** – FLOA
